INSURANCE INFORMATION

The question has been asked about allowing minors to drive vehicles such a mowers, quad bikes etc. The insurance policy under Special Endorsements and Warranties specifically states -

7. Excludes liability for injury to drivers or passengers of unregistered motor vehicles being driven or operated where:
 - the driver does not hold a current drivers licence to drive the particular vehicle - they are not wearing a protective helmet if riding a motorcycle, trike or similar vehicle
 - are a pillion passenger on a motorcycle, trike or similar vehicle.

REMINDER - To ensure you remain fully compliant with the insurance requirements you need to ensure you follow your Club, State Association and National Rules and Policies and Procedures.

Regards

James Larven
Archery Australia CEO
