

Quick Start Guide: Installing the iScore.today Web Application

The new iScore.today application is a web-based application that can be used for **both** online (live) and offline (disconnected) scoring.

When you first load the application into the Browser, the files required for offline use are loaded onto the device automatically and cached onto the device. These files are only small, and consume very little space (less than 1M).

The iScore.today application can be loaded by opening the required device browser and entering the home page address: <http://iscored.today>

You should see a page that looks similar to the following:

After installing the iScore.today, you will be able to launch the application by pressing on the Home screen icon.

iOS Devices (iPhone, iPad)

Open the iScore.today home page in the **Safari** Browser: <http://iscored.today>

Tap the menu button  and select [Add to Home Screen].
Click on the [Add] button to complete the process.

Android Devices

Open the iScore.today home page in the **Chrome** Browser: <http://iscored.today>

Tap on the menu button  and select [Add to Home screen].
Click on the [Add] button to complete the process.

Windows Devices

The application will run on Windows devices, by using the Internet Explorer or Chrome browser, but cannot be installed as an application at present.

Open the iScore.today home page: <http://iscored.today>

Blank page

Quick Start Guide: Using iScored.today for electronic scoring

The following documentation assumes that you have installed the application, and are running the application from the Home screen icon. Refer to [Installing the iScore.today Web Application](#).

Full documentation can be found at Archers Diary Support: <http://support.archersdiary.com>

From the iScored.today home screen, click on the **[Login to Event]** button.

You will be prompted to select an RGB, Club, Event and to enter the Pass Code provided by the Event organiser.

Click on the **[Start]** button to begin.

Select the Flight you will be scoring.

If any archer you will be scoring are missing, select the **[Register Archer]** button (see over).

Select all of the archers you will be scoring by pressing on each name. They will turn dark blue to indicate they have been selected.

Click on the **[Start]** button

You are now free to go into "Flight Mode" on the device or disconnect from the Internet, if required.

If you have selected all archers to be scored on this device, you may now go offline, or move away from the Internet access point.

Select the order you will be scoring the archers by pressing on each archer in order. A badge next to the name will show the order the archers will be presented.

Click on the **[Scoring]** button

To score each end, click on the **[Add Scores]** button.

# Scores	End	Prog
FITA 122cm @ 40m		
1	0	0
2	0	0
3	0	0
4	0	0
5	0	0

X's: 0 10's/X's: 0 0

Archer Order **Add Scores**

Click on the number for each arrow score, for the displayed archer.

Archer: John Hyde (8689) End: 59
Distance: 40m : FITA 122cm Prog: 59
End: 1

X	X	10	9
10	8	7	6
10	5	4	3
10	2	1	M
9	2	1	M

Cancel **Next**

Click on **[Next]** and repeat for each archer.

As the archer scores are entered, the arrow scores are displayed along with the End scores and Progressive totals.

# Scores	End	Prog
FITA 122cm @ 40m		
1	59	59
2	57	116
3	55	171
4	58	229
5	54	283

X's: 3 10's/X's: 17 283

Retire Archer **Add Scores**

Once all of the scores have been entered, the scoresheet summary will display the totals. If the device has been reconnected and the scores uploaded, the summary will include the Rating.

5 X 10 10 10 10 9 59 287

X's: 4 10's/X's: 19 287

Dist	X's	10's/X's	Total
40m	3	17	283
40m	7	17	283
40m	4	19	287
Totals	14	53	853

Rating: 84.455

Retire Archer **Sign out**

Click on the **[Sign Out]** button to finish.

NOTE: If the scores have **not** been uploaded, then the button will read **[Sync]** to indicate that the scores must still be uploaded. **YOU MUST RECONNECT AND UPLOAD THE SCORES TO FINISH.**

Register an Archer

If an archer you will be scoring has not yet registered into Archers Diary, you can use the built-in registration feature.

Click on the **[Register Archer]** button.

When prompted, enter **all or part** of the archer's name, or their **full AA** number.

Click on the required name from the list of matching archers, and press the **[Select]** button.

Check the box next to the flight they will be shooting, and ensure the Class, Division and Round information is correct.

Click on the **[Save]** button to store the changes and return to the Archer Select page.

Repeat for each missing archer.
