#### 2) Motion 2014-1

Motion moved Archery Tasmania, Second ArcherySA

General Discussion

Representative from ArcheryACT proposed an amendment to the motion from the floor. The proposed amendment noted that the motion failed to capture the need to change the wording in Clause 2.8.

It was noted by the CEO that under the Constitution that amendments from the floor are not permitted and time frames for amendments are detailed in the constitution.

The meeting noted these proposed amendments are only minor wording changes and they do not affect the intent of the motion but simply change the wording "Permanent to "Standing" which is the original intent of Motion 2014-1.

Motion was presented to the meeting, carried 7 for and 1 against.
