What is My Archery?

My Archery is a new national membership registration database provided by IMG as one of their stock products.

- *My Archery* allows Clubs to register members directly online speeding up the process and reducing workload on volunteers.
- *My Archery* also allows members to rejoin online using credit card or EFT, or a manual system if required.
- *My Archery* allows members using their unique password to log in and update their records to ensure their records are at all times correct and up to date.

Member benefits

- *My Archery* provides individual members with a life long membership number, login and password.
- *My Archery* personal login and password allows individuals to log in through the Archery Australia website at any time and update their own details and ensure they are kept up to date.
- *My Archery* allows for quick processing of membership applications, renewals and payment of fees and the prompt issue of a membership card.

Member benefits

- *My Archery* allows members to renew memberships online and to make payments by Credit card .
- My Archery allows new members to join at anytime through the year providing them with an annual anniversary date, avoiding the need for the unnecessary Pro-Rota membership system.

Club benefits

- *My Archery* is a full membership package for club and RGB administrators.
- *Clubs and RGBs can log in using their unique login and password and enter new members, renew memberships, update members details and keep an online record of current and past members.*

Club benefits

My Archery offers Club administrators many benefits which include:

- No cost to use and manage
- Easy to use
- On line record of club information that will not be lost when club position holders move on or change
- Exclusive access to the clubs information
- Credit card and EFT transaction facilities as well as a manual system
- Weekly direct credit into their designated account of any transactions with weekly emailed transaction report
- Easy login access through the **NEW** Archery Australia website
- Member reports including fee due dates and reports
- Easy communication with members
- Free club web page linked to the Archery Australia website
- Training and support

Regional Division benefits

- *My Archery* removes the need for RGBs to handle the bulk memberships as processing will be done by Clubs reducing an administrative level.
- *My Archery* allows RGBs using their unique login and password to log in at any time.
- *My Archery allows RGBs* to enter new members, renew memberships, update members details and keep an online record of current and past members.

What are the major features

- Clubs initially enter members details reducing the need for RGB and Archery Australia to also enter member details, information is entered only once reducing the burden on volunteers.
- No cost to Club or Regional Division (except for the Credit Card transaction fee which can be factored into fee structure).
- One membership card, no longer a need for individual club and RGB membership cards.
- One membership number across all levels of the sport and a membership number for life.

- Detailed reporting functionality for Club and RGB.
- Ability for Clubs and RGB to easily communicate with members through email.
- ***My Archery*** significantly reduces administration burden for club administrators and RGBs.
- Individual members are responsible for their own information.
- Credit Card payment facility.

Frequently Asked Questions

- **How much will the system cost?**
 - The system is free to all Clubs and RGBs, the only cost will be a 6% charge for any Credit Card transaction
- ***Can a person join on line?***
 - No, this must initially be done through the club but renewals can be done online.
- ***How do I know when my fees are due?***
 - Clubs and RGBs can print out regular reports, but members and clubs will receive an email notification (or by post if without an email address) two months prior to anniversary date.

- ***Will quarterly membership fees still apply?***
 - As with the previous database The new system allows for the introduction of an annual anniversary date for new members, so if a person joins on the 3rd March 2011 they will then renew their membership 12 months later.
 - Current members will retain their current membership renewal date.
- ***What happens if I don't pay my fees by the due date?***
 - One month after the due date your membership will be suspended, you will lose your login to the website and database as well as access to your club, and access to all archery activities will be suspended.
 - Two months after the due date you will be removed from the active database.
 - But you will not be removed in total from the database, if at any time you pay your fees you will be reinstated with all rights as well as retaining your membership number.
- ***Will family membership still apply?***
 - Yes but this is being reviewed to hopefully make it more attractive to families.

- *Will I get a membership card?*

- Yes, your membership card will be issued almost immediately after joining or renewing.
- The card will replace the need for clubs and RGBs to issue their own numbers and cards in line with the concept of one single unified archery organisation.

- ***Can I pay my fees by Credit Card or EFT?***

- Yes, we understand many people want to pay by Credit card or EFT these days but many clubs do not have Credit Card facilities.
- The system allows for the automatic deposit of funds every Friday direct into the Club or RGB designated account followed by an email with a detailed breakdown of the deposit.

- ***How do I get my login to the Database?***

- With your membership card and notification you will receive a letter detailing your Password and Login, after your initial login you can change the Password and Login if you wish.

How long will it take to implement the system?

It is expected IMG will have the system ready to go early in May 2011, RGBs will be introduced to the system one by one starting with South Queensland and ACT and then progressively around Australia.

It is expected *My Archery* Membership Database it will be fully operational by August/September 2011.
