

ARCHERY AUSTRALIA NEWS

2016 - 31

POSITION VACANT

Following the resignation of Lorinda Rugless as Archery Australia High Performance Manager Archery Australia are seeking written applications for this position based in Brisbane.

The position is currently being advertised on Seek [CLICK HERE](#) and Sportspeople [CLICK HERE](#).

Applications close on 31st December 2016 with written applications to be sent to info@archery.org.au

POSSIBLE NEW TARGET FACE

World Archery are currently testing a change in target face for Indoor tournaments for compound.

The face will see the same size for the 10 ring (no recurve 10 ring) but a reduced size for the 9, 8 and 7 scoring zones and a slight increase in size for the 6 zone.

The current face will remain for Recurve but will mostly likely do away with the inner 10 ring currently used by Compound as the 10 scoring zone.

This will mean there could be two clearly different target face for indoor in the future.

The final decision will be made at World Archery Congress in October prior to the World Target Championships.

POSSIBLE CHANGE TO WORLD INDOOR ARCHERY CHAMPIONSHIPS

World Archery are also considering no longer holding the World Indoor Archery Championships every two years but replacing with a new annual indoor championships.

The word is that the World Indoor Championships would be replaced by the current World Indoor Cup series with the winners of the World Indoor Cup Final being declared the World Indoor Champion for that year.

This plan is only in the discussion stage at present and will again need to be approved at World Archery Congress in October prior to the World Target Championships.

2016 WORLD INDOOR CUP – Bangkok

Over the weekend the 2017 World Indoor Cup was conducted, with over 400 entrants.

Jonathan Milne from SOPA (NSW) shooting in the Men Para Open Compound won Gold in an exciting 144 to 144 match against Russian Aleksander Zubar. The match went onto a tie with Jonathan shooting a ten to win the match.

Also congratulations to Dawid Bester from SOPA (NSW) who placed second to Vadat Erbay from Turkey in the Master Open Recurve.
