

AA NATIONAL CHAMPIONSHIPS FITA FIELD RECORDS ARCHIVED 31/03/2008

These records are archived because of changes initiated by FITA:

April 1 2006 some pegs were made easier (shorter distances) for certain ages and bow types, though rounds are still out of 360. If the record for the more difficult round was beaten by an archer shooting the 'easier' round, both scores are noted.

January 1 2007 AA changed the 48 Target record to any 2 rounds (2 x 24T) instead of only an Unmarked/Marked combination. Only the higher score is noted as unmarked rounds are shorter (and have the same ratings) so better shooting has been assumed.

April 1 2008 the FITA field round was scored using the Inner 5 as a 6 so the round became out of 432 and ALL records were archived.

Round	Name	DATE	SCORE	RGB	Event
