2. Maureen Taylor	SQ	253	268	521

NAME WANTED

Australian Junior Archery Development (AJAD) is all very well but it is either a mouthful if used in full, or meaningless if left as an acronym. What we need is a meaningful name that will catch the imagination. This can then be used in the Aussie Sports Program being developed for archery.

Modified hockey is Minkey, modified netball is Netta, modified baseball is T-Ball. What should modified archery be called?

If you have any good suggestions, please send them to the Juniors Director, Elizabeth Jennison, 153 Alfred Street, Narrabeena, NSW 2099, or contact the Junior Development Committee representative in your State.
