2025 National Target Championships

Matchplay Teams and Mixed Team Registration

The Matchplay Teams and Mixed Teams for many is the pinnacle of the National Target Championships (NTC)

At the 2025 tournament AA will NOT be registering any teams from the HP program, in fact, it would be great if RGB's were to form teams from their own states so that we can garner some competition/rivalry that's based geographically.

The above RGB teams are only a suggestion from the OC and will not (in 2025) form any official RGB competition as currently exist for the 1440 and 900 rounds.

Of course, those registered for the 720 Matchplay can form a team with whomever they wish.

The OC will not be running a list of people looking to join a team, it is the participants' responsibility to find their teammates.

An archer can only enter one Team - 3 x members same gender and same bow type

An archer can only enter one Mixed Team – 2 x members 1 female & 1 male, but same bow type

There is no fee to enter a team.

Team confirmation – Ensure when registering a team, you highlight the box that requests email confirmation of your entry. If you do not receive a confirming email, please contact NTC@archery.org.au

Team Registration <https://account.archery.assemblesports.io/finder?id=3003790>

Mixed Team Registration <https://account.archery.assemblesports.io/finder?id=3003791>

Note: When selecting a team name please ensure it is appropriate. The OC will request names to be changed if it feels your team's name is inappropriate.

Entries Close 2200 hrs 26th September 2025. There will be NO late entries accepted.
