

2025 National Target Championships

16 - 22 November
Australian Institute of Sport
Canberra, ACT

Version 1.1

Welcome to the Archery Australia National Target Championships

This event is always a highlight on our calendar as an opportunity to bring together the archery community as a sport for all, encompassing all bow types, abilities, and ages. Across the week juniors, seniors, and para-archers will all share the line as we come together as a community to share and connect through the sport we all love. This sport has come a long way in the last year and it's a celebration of the exciting future that lies ahead.

What makes the Championships so special is more than just the competition. It's the chance to reconnect with friends, catch up with familiar faces from across Australia, and welcome new participants into our archery community if attending for the first time. The atmosphere will be just as much about camaraderie and enjoyment of the sport, as it is about results. No matter where you are at on your archery journey the National Target Championships provides a stage to test yourself, see your progression and even chase personal bests. For our younger and upcoming archers, you can be inspired by those that have come before you and experience the excitement of competition to prepare you for opportunities in the years ahead.

To our volunteers, supporters, sponsors, officials and organising committee, thank you for your support, without your help we could not hold this event. I look forward to catching up with many of you during the event.

Yours sincerely,

Peter Bromley
