

Assemble Sports Membership Card – Digital Wallet Update

Assemble Sports has introduced a new 2026 update to digital membership cards, following feedback from the Archery Australia community. This improvement makes it faster and easier for members to access their cards during events, creating a more streamlined experience. Membership cards can still be accessed as before with now having the option to add to the digital wallet.

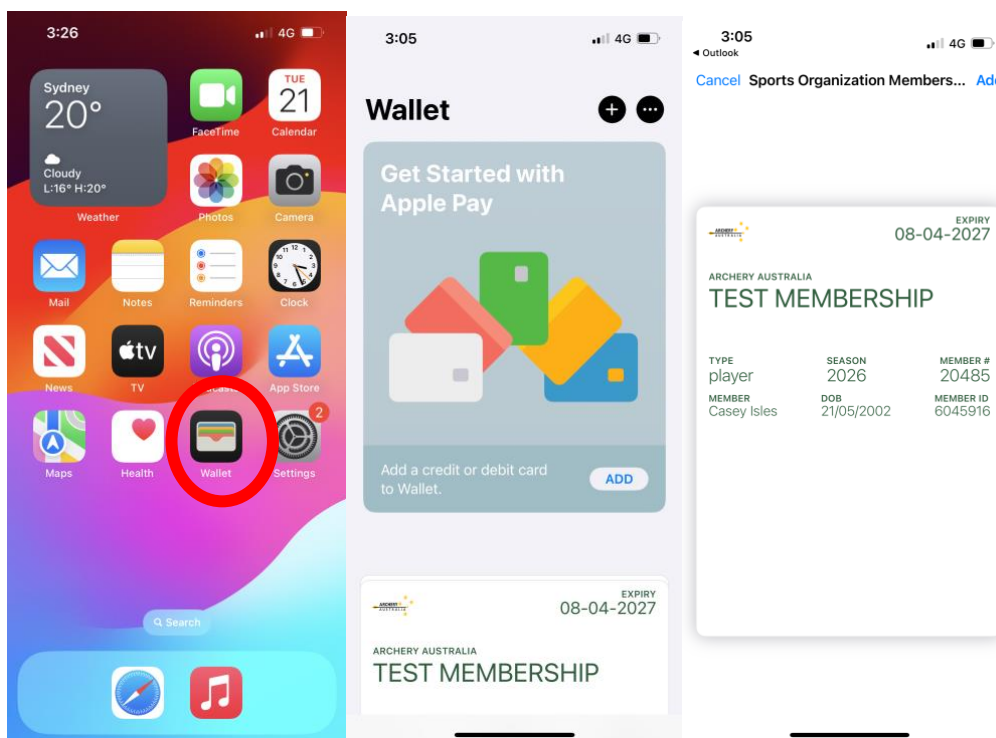

Within a member's profile, navigate to the **"Registration History"** section. For each listed membership, you can add a digital membership card to your wallet by selecting the three dots in the top-right corner of the individual membership details and choosing **"Add to Apple Wallet"**.

Once **“Add to Wallet”** is selected, your membership card will be saved to your device’s digital wallet for easy access at any time.

If needed, the card can be removed directly from your wallet app. You can re-add or refresh your membership card at any time by repeating the download process from your profile.
